The Association of Government Accountants (AGA) supports the careers and professional development of government finance professionals working in federal, state and local governments as well as the private sector and academia. Founded in 1950, AGA has a long history of being the thought leader for the government accountability profession. Through education, research, publications, certification and conferences, AGA reaches thousands of professionals and provides more than 100,000 continuing professional education (CPE) hours annually.

AGA Hawaii provides quality education, fosters professional development and certification, and supports standards and research for financial management professionals who strive to advance government accountability. AGA Hawaii membership includes 160 professionals from Federal and State of Hawaii agencies, City and County of Honolulu, international and local CPA firms, educational institutions, and non-profit organizations. The chapter includes working professionals and student members. AGA Hawaii's comprehensive programs include membership meetings and newsletters, educational seminars, community and student activities. AGA Hawaii hosts a local Government Technology Conference (even numbered years) and a regional Governmental Professional Development Conference (odd numbered years) that attracts participants from the Pacific Islands and Asia.

The American Society of Military Comptrollers (ASMC) is a non-profit educational and professional organization for persons, military and civilian, involved in the overall field of military comptrollership. ASMC was established as the Society of Military Accountants and Statisticians in 1948 in San Antonio, TX, and was open only to active duty officers. Since then, ASMC has expanded to include all DoD and Coast Guard Financial Management personnel. In 1991 the national headquarters was opened in Alexandria, VA, and currently serves a growing professional society of 18,000 members.

Military comptrollership is defined as the professions of financial management in the Department of Defense and Coast Guard. It includes the fields of: Accounting and Finance, Administrative Support, Auditing, Budgeting, Comptrollership, Cost Analysis, Financial Management, Management Analysis, Program Analysis, Resource Management, Statistics, and many supporting activities. ASMC promotes the education and training of its members, and supports the development and advancement of the profession of military comptrollership. The society sponsors research, provides professional programs to keep members abreast of current issues and encourages the exchange of techniques and approaches.

The Aloha Chapter of the American Society Of Military Comptrollers is a professional organization dedicated to maintaining and improving the high standards of Comptrollership. Emphasis is placed on education, training and the exchange of ideas and techniques for resolving common problems of the Services - Department of Defense and Coast Guard. The Aloha Chapter was established in 1977. Current membership is approximately 263 civilian and military personnel who specialize in all aspects of Financial Management. We are located on the island of Oahu in the state of Hawaii.
